PRINCE GEORGE'S SPORTS AND LEARNING COMPLEX

COMPETITION POOL REPLACEMENT UPDATE

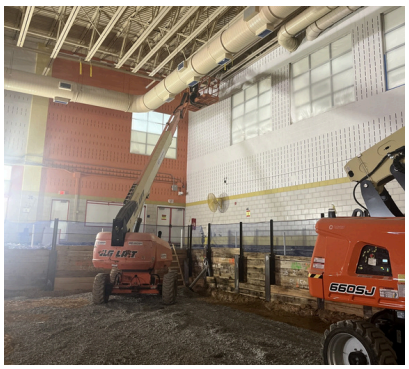

SEPTEMBER 2026

HIGHLIGHTS

Welcome back to SPLEX! While the facility was recently closed for its annual maintenance, our work continued at a brisk pace. Now that the venue is re-opened, you will notice we have closed the men's locker room for renovations. We expect this work to last 10-12 weeks. During this time, patrons can use the locker rooms on the ground floor near the fitness center. Signs have been placed to guide you around the closure, but the facility staff are always happy to help if you have questions. In the pool area, our crews are currently replacing critical electrical systems, adding new steel support at the roof to handle the new dehumidification systems, and preparing the entire area for re-painting.

CURRENT WORK

Task	Status	Expected Completion
Replace sections of exterior pool walls to prevent future moisture issues	COMPLETED	SEPTEMBER 2026
Renovate locker rooms	IN PROGRESS	FALL 2026
Add new steel support at the roof for the dehumidification system	IN PROGRESS	FALL 2026
Install structural foundation for pool	STARTING SOON	

NEXT STEPS

This fall, we will be preparing for installation of the structural components of the new pool. We continue to make significant progress every day towards delivering a world-class pool to the community. We deeply appreciate your continued patience with the process.
